Flattering! absolutely love this dress. It is very flattering especially for an hour glass shaped figure (size 12). It's a perfect length too. It finishes at the knee (I'm 5' 2"). It's made of a lovely fabric that falls beautifully & doesn't crease. I wish it also came in different colours such as blues, greens or purples as those are more my colours! August 6, 2018 Purchased over 4 years ago just love this dress! ordered this very tongue in cheek as I very rarely see a dress that is the right length for me (being only 5 feet tall), when I tried it, it came just a couple of inches below the knee on me which is perfect for my age. The short sleeves were just on the elbow joint on me which again was perfect for my size and I just loved the flow of the dress and bold colour. I will look out for other mini dresses which I now know will be calf length on me. September 7, 2018 Purchased over 4 years ago Wow wow wow! It's been a while since I tried a dress on and looked in the mirror and thought that! It's not often I put a dress on and look in the mirror and say wow! I love this dress. I'm a curvy size 14 with a larger chest and a typical mum tum so I struggle to get clothes to fit my shape without looking like I'm 6 months pregnant! This dress is ruched down the front of the chest area and really shows off the curves without making my tummy look large. I absolutely love it and will be ordering the blue one as well. Can't wait to wear it at a posh afternoon tea next week! Lovely dress This is a lovely dress. Very flattering, lovely length (I'm 5' 4") it finishes just below my knees, and very comfortable to wear. Received many compliments. I have the teal dress and the ditsy pattern dress. I'd certainly recommend this dress as its suitable for all ages. September 13, 2018 Purchased over 4 years ago Beautiful red dress. I cannot recommend this lovely dress enough. Its better than the picture by far, so comfortable, bright colours fits wonderfully, compliments the first time I wore it. I am going to order in another colour because I love it so much. would love to have in many more colours if possible Romans! September 26, 2018 Purchased over 3 years ago A dress for any occasion. Beautiful feel as you walk and light and feminine. Really pleased with this dress! It is exactly what I was looking for colour design and material. Covers lumps and bumps beautifully in the right places. Right length too as I am only 5ft 2! Perfect! I don't normally write reviews but I ordered a few dresses from roman including this one and they all fit like a glove! They look so nice and flattering fit for my size 18, ordered size 18 and just right. These dresses will be perfect for my holidays on Cyprus in may sipping cocktails in the evening ??? December 27, 2018 Purchased over 2 years ago Pretty, carefree spring/summer dress. It has a lovely swing, I am a size 8 top and size 10 hips, I ordered size 10 and it fits well. It has stretch so even if you are a size 10 top I think it will still fit. It isn't too low at the front, so no need for a vest underneath. May 20, 2020 Purchased over 2 years ago Lovely dress for all occasions...I ordered this dress to wear for my Sister's Wedding in August. It's a perfect fit (Size 10), very comfortable and looks great. I'm very much looking forward to wearing it on the big day! © 1996-2014.
